Florida Transportation Builders Association is an association of road construction contractors. Designers, CEIs (construction inspectors), and FDOT employees are invited to join with general contractors to meet on an informal basis and network (you don't have to be a FTBA member to attend).

Engineers, CEIs, and FDOT employees will benefit by improving working relations with contractors. Engineers may benefit by meeting general contractors to develop relationships for design-build teaming opportunities.

Please feel free to forward this email to others in your organization who may have an interest in attending. Please Invite a friend!

If you have any interest in becoming an appetizer sponsor for one of these events please contact Dawn or Myself, Thank You!
