

January 11, 2007

I am pleased to announce that Robert Robertson has been selected to be the State Structures Engineer effective January 12, 2007. Robert has a BSCE from the University of Florida and has worked 20 years in the Central Office with 14 years in the State Structures Office and 6 years in the State Construction Office. Prior to joining FDOT he worked 6 years with Figg and Muller Engineers.

Please join me in welcoming Robert to his new position.

Robert W. Greer, PE
Director, Office of Design
